

# Astigmatism Worksheet

## Observations

Test Subject 1 Name \_\_\_\_\_

Test Subject 2 Name \_\_\_\_\_

## Post-Lab Questions

1. Why is it necessary to remove corrective eyewear such as glasses before beginning the activity?
  
2. Vision problems are often first discovered when a child begins school. Why might this be so?
  
3. As stated in the *Background* section, injury to the eye may cause astigmatism. Explain why an object damaging the eye may cause astigmatism.
